

Installing Trainz 2009

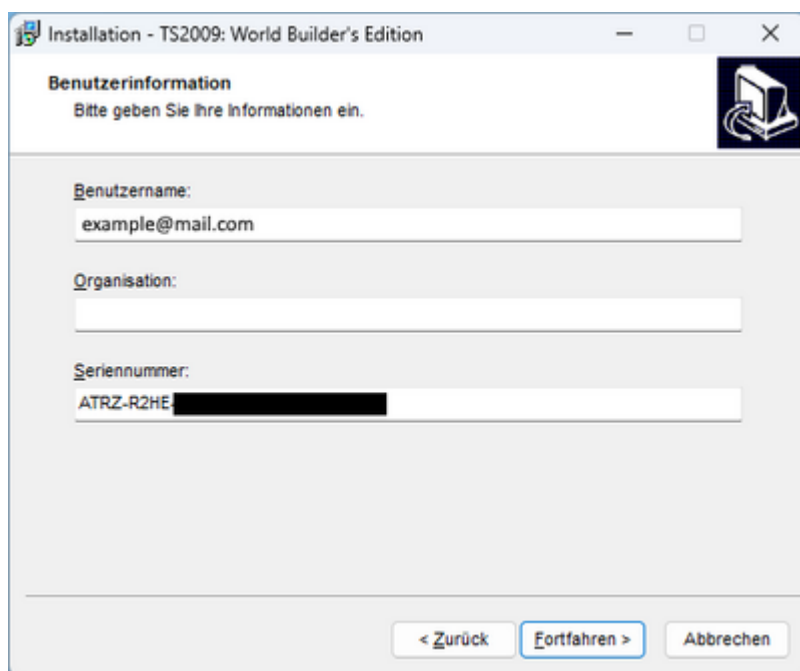

Installing Trainz is quite simple.

The installer for Trainz 2009 can be downloaded from the [Download section](#).

After double-clicking the installer, the installation wizard will open.

You can follow this wizard until it prompts you to enter user information.

Fill in the user information as follows:

- Username: The email address linked to your Auran account

- Organization: This field can be left blank
- Serial Number: The serial number for your Trainz copy

A guide on how to get a free copy of Trainz 2009 can be found [here](#).

You can view your personal Trainz 2009 serial number after logging in on the [Auran website](#).

After entering the user information, click Next.

You can freely choose the installation path.

Additional options such as a desktop shortcut or a quick launch shortcut can be selected as desired.

At the end, you have the opportunity to review the installation and then proceed with it.
